

The SEED Library

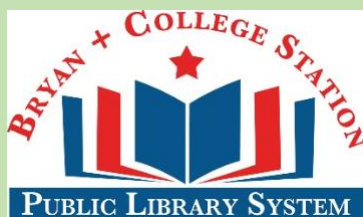

How it WORKS

1. The seed library operates on the honor system.
2. Choose up to 3 seed packets per household from the catalog.
3. Take home, plant and watch grow.

When ready to HARVEST

1. Harvest enough crops/seeds to fill 1-2 packets of seeds.
2. Pick up 1-2 seed envelopes from library and take home to fill up your harvest.
3. Complete form and donate your harvest seed back to library to restock the Seed Library.
4. Check out more seeds and start growing again.
